Dynamic Python developer with 3 years of experience building efficient applications and user-friendly interfaces using Python and Fast API. Skilled in writing clean code, testing, and collaborating in Agile teams to deliver high-quality solutions on time.

EDUCATION

ME -INDUSTRIAL SAFETY

Ksr college of engineering
2012– 2014

BE-ELECTRONICS & COMMUNICATION

Paavai college of Engineering
2008–2012

HIGHER STUDIES

Ssbm Hr Secondary
School,Salem
2006–2008

TECHNICAL SKILLS

- Django
- Django Rest Framework
- Python & FAST API

AREA OF INTEREST

- Web development
- Api development integration
- Database Management

AI SKILLS

- Gen Ai, Agentic AI ,Claude

LANGUAGES KNOWN

- English
- Tamil

WORK EXPERIENCE

Isys-Software Developer

Oct27-Dec5/2025

Built a Django-based HPC Orchestration API Platform to securely manage, monitor, and automate SLURM/PBS cluster jobs and NetFlow workflows through RESTful services.

Binary bot - Analyst

APRIL2023-Oct27/2025

"Trust Flow Navigator" enhances trust in online information networks by using AI to identify credible sources and flag unreliable content.

Roles and Responsibility

- Led technical development, ensuring timely implementation of algorithms and features.
- Analyzed online network data to refine algorithms for better accuracy.
- Designed user-friendly interfaces for a seamless experience.
- Conducted rigorous testing to ensure reliability and effectiveness.
- Engaged stakeholders, gathered feedback, and promoted adoption.
- Managed team efforts, set timelines, and ensured project alignment with goals.

Unique solutions - software developer

7th April 2021-20th march 2024

"Unite" helps people connect and work together to solve community challenges.

- Developed and maintained the Task Forge platform, adding features and improving performance.
- Designed user-friendly interfaces with a focus on accessibility and ease of use.
- Conducted thorough testing to find and fix issues, ensuring reliability.
- Created and implemented marketing strategies to increase user engagement.
- Provided timely support, answering user inquiries and resolving issues efficiently.

Projects

E-Commerce Application:

Developed a fully functional e-commerce application with features like product browsing, filtering, and cart management.
